

People's Voice

Who are we?

The North West Coast Strategic Clinical Networks (SCNs) were formed in April 2016 to improve specific health and care services in the region i.e. cancer, cardiovascular disease, (including stroke, renal, and diabetes), dementia, mental health, end of life/palliative care, and maternity services.

How you can help:

As a patient, carer or member of the public you will at some time have (or will) use health and care services in your area or you may simply have a particular interest in health and care services. You can use your experience and knowledge to help us improve and shape services.

- Earlier Diagnosis
- Quality of Life and Patient Experience
- Better Treatment
- Reduce Inequalities
- End of Life Treatment and Support
- Commissioning (buying) of Services

Would you like to contribute?

If you would like to learn more about our 'People's Voice', please contact us. We can also arrange for you to meet one of our existing members for a chat and to find out more. You are welcome whatever your interest in Health and Care services.

People's Voice offers you -

An opportunity to give us your views.
A chance to make a difference.

With the help of patients, carers and the public, we have already done a great deal:

- Produced an Information Directory for people affected by cancer
- Advised on Cancer Centre discharge policy
- Worked with clinicians and managers to improve services
- Proof read patient information leaflets, surveys and questionnaires
- Been involved with re-configuration of services
- Produced a promotional DVD
- Raised awareness of stroke, cancer and other life-threatening illnesses

It's up to you!

It's up to you what you contribute towards. The options are:

- ❖ Comment on documents or publications
- ❖ Comment on issues via email
- ❖ Respond to surveys /questionnaires
- ❖ Speak in public
- ❖ Tell your story
- ❖ Take part in group working
- ❖ Attend conferences and/or workshops
- ❖ Attend training workshops
